**Comments and Remarks** (use tab or mouse to advance to the next comment area)

1. Please comment on the pace and duration of the course.

I was somewhat surprised that certain sections were substantially longer than others. I was mentally prepared to take on one or two sections per sitting, but one or two sections were so much longer I did not always reach my goal.

2. What would improve this course?

3. What was the most positive aspect of your learning experience?

The sign on system was simple and helpful. If I had been required to locate my username and password, then search for where I left off, each time I logged on, I would have gotten frustrated.

4. What area requires the most improvement?

I'm disappointed that I do not get to see which 8 questions I missed on the final exam. I'm disappointed that I do not get to review my final exam once more before taking the state exam.
